

DIY SunCover Braid Color Options

The braid is the finished edge along the bottom of the valance and is constructed of 100% acrylic fibers. On the SunCover 4000 model our seamstress will select the best braid color match based on the fabric you choose. On the SunCover 5000 model, you can also simply select “Best Match” or you can choose from 24 colors.

Braid Color Options, Based on models:

SunCover 1000/4000: “Best Match” is your only option

SunCover 5000: You can select “Best Match” or choose from any of the 24 colors shown below
